***Please fill out this form before the closing.***

*A wire transfer cannot be initiated without your bank's name, address, and phone number; therefore, if you do not provide all of the information requested, we will issue your proceeds in the form of a check.*

**IMPORTANT NOTE:** Every bank is different. The routing number on your checkbook may not be the routing number your bank uses for wire transfers. ACH transfers and wire transfers are different products – they do not follow the same procedure. An incorrect routing number will result in delays and additional charges. Do not assume the routing number at the bottom of your check can be used for wire transfers.
